GOVERNMENT OF MYSORE

Bangalore
8 Jan 10.

My dear Sir

I am directed to write to you with reference to the approaching decennial Census in 1911. ~~and to enquire whether any communication is expected~~ ~~or has been received from the~~ Govt of India about ~~arrangements~~ in connection ~~therewith~~. It is understood that in several of the British Indian Provinces Superintendents

have been appointed and apparently other details of the necessary organisation are being elaborated. The Dunbar have not yet taken any steps in that direction as they have been under the impression that it would be enough to start preparations on receipt of a communication from the Foreign India defining the scope of

methods of the operations with
Special instructions if any.
Bnt. beyond ~~No such communication~~
~~has yet been received~~ a
letter suggesting the 10th March

I am therefore desired
to enquire confidentially
whether any such commu-
-nication from the Govt of
India ~~should~~ may not be expected
or whether the Durbar
~~should~~ proceed to make

Letter No. 103, dated the 18th December 1909, from the Census Commissioner for India, Simla, to the Hon'ble the Resident in Mysore

I have the honour to refer to letter No.1400-I.B., dated the 18th July 1909, from the Government of India, Foreign Department to your address regarding the Census of 1911.

2. The basis of all Census operations is the register -- showing the villages actually in existence in any given area- pargana prant, chcuki or whatever the local administrative unit may be. Where there has been a cadastral survey and village h headmen or patwaris keep the survey records up to date, this register can be written up at any time, But where there are neither maps nor village officers, some one has to go over the ground and ascertain what villages actually exist. There will no doubt be some list of revenue villages to serve as a starting point for local enquiry, but cultivation is constantly --- shifting, fresh hamlets are formed and old ones abandoned. Experience shows that if any enquiry of this kind is left to be done during the hot weather and the rains, it will not be -- thoroughly done, and the mistakes and omissions in the record of villages will give much trouble later on.

3. With the object of getting this important preliminary operation carried out during the present cold season, I have the honour to suggest that steps should be taken to collect, in columns 1 to 8 of the form herewith enclosed, the requisite information respecting Mysore territory. The local Census Superintendent, who will, it is understood, be appointed in or about April 1910, will then find ready to his hand complete information which will enable him to proceed at once to form --- charges, circles and -- blocks for Census purposes Columns 9 to 11 of the proposed form

x
Block = 50 houses or so.
Circle = a group of 10 blocks.
Charge = a thana or tahsil or part of a tahsil containing a convenient number of circles.

are intended to facilitate this operation and to provide a cross reference to the Circle List, or register of Census divisions, which will be prepared under his supervision

(Through the Revenue Commissioner in Mysore)

Sir,

In reply to your letter No.Fl.3253/Cen.1-09-4, dated 10th January 1910 to the address of the Revenue Commissioner in Mysore in re compilation of the Register of villages in actual existence in the several Districts in connection with the Census of 1911 and calling for the submission of the information collected from the Deputy Commissioners, I have the honor to submit, herewith, a consolidated statement (in the form prescribed in Revenue Commissioner's Circular No.6965-72 dated 12th January 1910 addressed to the Deputy Commissioners) showing the number of villages and hamlets &c.,in the several Districts. The figures in the statement do not include statistics for the Jahagir Taluk of Yelandur and the Bangalore City. The Deputy Commissioners of those Districts have been requested to forward the lists early and the statistics relating to them will be submitted in due course.

2. The number of villages in each Taluk furnished by the Deputy Commissioners was checked with those found in the Talukwar Tables of the Census of 1901 and those shown in the lists published under Government Orders directing the reconstitution of hoblis in the several Districts.

The

18

The variations were duly pointed out to the Deputy Commissioners and the figures shown in the statement for the Districts of Kolar, Kadur, Hassan, and Chitaldrug are those which have been accepted as final for these Districts in the light of the explanations rendered --- accounting for the discrepancies. The Deputy Commissioners of the other marginally* noted Districts have not yet sent in their replies, explaining the discrepancies, and any variations that may be found necessary in the figures relating to those Districts ~~on receipt of their replies~~ will be communicated later on, on receipt of their replies.
